

iLucida is a professional lighting consulting firm offering innovative solutions for residential and commercial projects. We have over 10 years of experience working with a variety of clients including Fortune 500 companies, luxury retail brands, hotels, restaurants, nightclubs, fitness clubs, high-end residential and much more.

iLucida tailors each lighting program to meet the needs of our customer. We provide turnkey consulting, project management and procurement services. Our procurement services deliver the best lighting products and prices. Our project management services provide a stress-free solution in managing your lighting projects and our consulting services provide our clients with an edge in their lighting design decisions.

Our projects range from construction, replacements, lighting and remodels to project retrofitting. We provide a holistic solution by working directly with developers, construction managers, architects, lighting designers, contractors and electricians.

Over the years we have effectively guided countless lighting projects in achieving their full potential. Let us weave our practiced knowledge and extensive experience into your next project. Work with iLucida and watch your project reach the next level.
